

16 September 2019

Dear Parent/Carer

**RE: A-Level Mathematics calculator and textbook order**

All students sitting A-Level maths require a calculator with certain more advanced functionality than needed at GCSE. The school is recommending the Casio FX-911EX (the “classwiz”) calculator. You can order a classwiz through the school for £23.99 through sQuid. Purchase of this calculator is a course requirement, however it is possible to purchase it online or on the high street; there is no necessity to purchase through the school. If you have any difficulties in purchasing this item, please contact me.

All students have access to an online copy of the Oxford Edexcel A-Level Maths text book. If you wish for your son/daughter to have a hard copy of this book, this will also be available to order via sQuid for £45. This is not a requirement; if students need to access the book during lesson time, teachers will either ensure there are Chromebooks available to allow for online access or project relevant questions onto the board.

Both orders will open on Monday 16 September and close on Monday 23 September 2019.

If you have any questions, please do not hesitate to contact me.

Yours sincerely

Mrs. N Cox  
Assistant Subject Leader Maths (KS5)
