

31 January 2020

Dear Parent / Carer

**Subject: Year 10 – National Enterprise Challenge Day –  
Friday 7 February 2020**

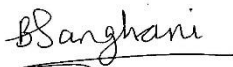

The Work Related Learning Department has organised a Work Related Enterprise Day on the above date for Year 10 Students.

The day will be run by the National Enterprise Challenge organisation and the students will be involved in entrepreneurial designing. The aim of the programme is to introduce students to work related learning and enterprise skills. Each student will be working in a team on a series of tasks involving pace, business analysis, decision making and delivery of business outcomes to a panel of judges. The winning team will earn a place to represent the school in the final. This event is in line with current government initiatives and Ofsted recommendations for work related learning.

The school day will start and finish at the normal times for a Friday, so Year 10 students should register as normal but will then be off timetable from period 1 as they will be working in groups in the Hall all day. Business representatives will be working with the groups.

I am confident that the students will appreciate the importance of this occasion and behave in an appropriate manner and give our guests an excellent impression of Vyners. This event should be a most valuable experience for Year 10 students as part of their work related education. We all look forward to an interesting and successful day.

Yours sincerely

**Ms B Sanghani**
