

WELCOME TO OUR SCHOOL

To help you find your way around our school buildings, we have created this simplified map.

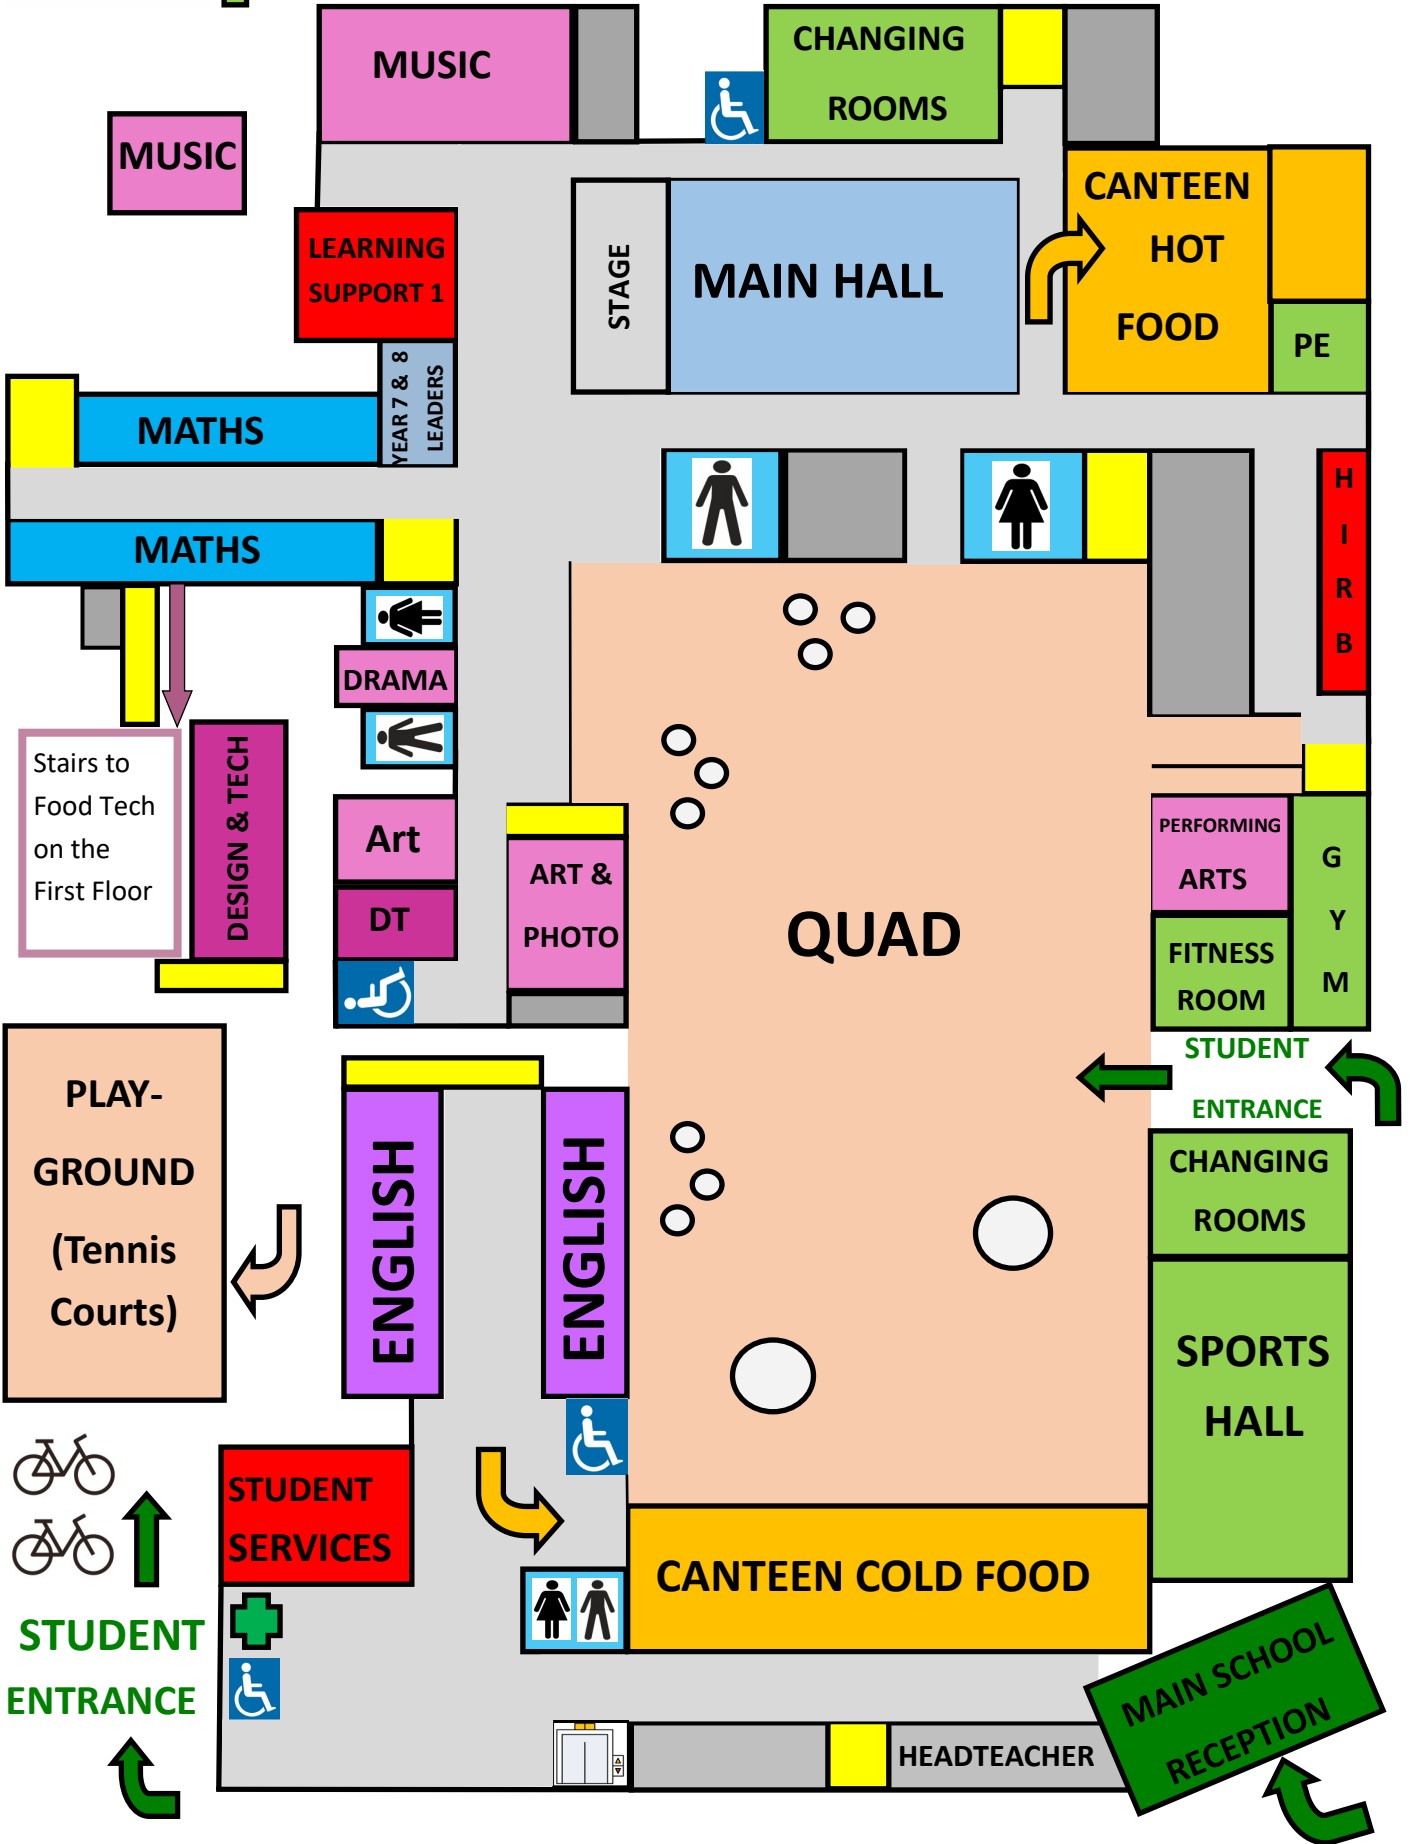

- It is a general map, showing the main areas where subjects are taught and facilities such as toilets and the canteens.
- It does not show individual classrooms, as you will get a more detailed map with this on when you come, as well as a tour to show you where your classrooms are.
- There will also be plenty of staff and students to help show you around, so do not worry about getting lost.
