# Our Key Stage 5 Curriculum

*“I want to study  
Physiotherapy in  
Germany. Having a  
language A level and as  
part of a degree is  
important for job  
opportunities”  
Year 13 Student*

A Level students have the opportunity to study towards qualifications with AQA. Students build on their knowledge of the language from GCSE and are introduced to a wide range of vocabulary and complex grammar. Students are exposed to authentic texts on a range of topics and develop their ability to respond with fluency and accuracy using a range of complex language. Students work 1:1 with the Foreign Language Assistants in order to develop their speaking skills and to gain an enhanced appreciation of the culture of the languages they are studying. Students are trained to be increasingly independent, and students are supported via Google Drive. Regular essays are completed, for which formative feedback is given, linked to the examination success criteria.

# Our Co-curricular Offer

Students are invited to take part in work experience. This takes place in March / April or May and is organised and arranged by Halsbury travel Company.

Students will have the opportunity to:

- Improve their language skills
- Achieve total immersion in the language
- Enhance university and job applications
- Gain confidence and independence
- Meet new friends and socialise
- Experience the local culture
- Include this experience on a UCAS application

# Frequently Asked Questions

**Can my child study any language at A level ?**

At Vyners we currently offer German at A level. French and Spanish A level are taught within the local cohort of schools with students studying the language at those schools. This is however under review and is subject to change depending on students numbers interested in French or Spanish at Vyners itself.

A level examinations in Home Languages such as Arabic or Turkish can be taken at Vyners but will be considered as private entries.

## ***How will my child be supported in their language lesson ?***

Language lessons are carefully structured and modelled by teachers. We use an online digital textbook in all three languages and tailored resources to support your child and which your child can access both at school and at home. These digital books are designed for A level students. Students are given carefully structured sentence builders; speaking and writing frames and language prompts in each lesson to ensure that they gain confidence in core skills such as speaking, reading, listening and writing.

## ***How will my child be challenged?***

We encourage your child to take an active interest in the culture and traditions of the country in which the language studied is spoken. Attending weekly language lessons with the assistant will offer your child the opportunity to enrich their knowledge of the country/ countries they are studying. Watching films with subtitles in English and watching and listening to Youtube videos is also recommended.

## ***How will my child be assessed?***

At Key Stage 5 teachers use the A level mark scheme and work is marked on a regular basis.

## ***What does home learning look like in Modern Languages?***

At Key Stage 5, students are encouraged to develop essential revision skills using language learning booklets, conversation booklets and online language sites and checklists.
