

**Teacher of Art
March 2021
Information for candidates**

Introduction

This document, will give you an idea of the vacancy. We wish to appoint someone who is looking to make a valuable contribution to the Art department and the wider school. The person appointed will be passionate about teaching and learning as a whole as well as their specialist subject. The ability to teach GCSE and A-Level is essential. The ability to teach either photography or DT is desirable but the most important thing is that we appoint the best candidate.

The School

It was built in 1959 as a four form entry mixed grammar school. In 1977 it became comprehensive and expanded to five forms of entry and in 1996 expanded again to take six forms of entry. In 1991 the school became grant maintained and in 1999 a Foundation School. Specialist College Status in **Mathematics and Computing** was obtained from September 2003. The school converted to academy status on 1 November 2011, a move which allows us greater financial freedom and security, as well as giving us the opportunity to continue to push the boundaries of excellence. Since January 2018 the school has been part of the **Vanguard Learning Trust** which also includes one other secondary school and a local primary school. The current school roll is **1248 with 281 in the Sixth Form**. Our standard admission number from September 2019 is 240 and we are an eight form entry school with a significant number of families wanting to send their children to Vyners to be educated.

Despite being a relatively small site, the school has developed some impressive facilities; a large sports hall, extensive ICT facilities and specialist teaching areas. Classrooms are equipped with interactive whiteboard technology and the school network is constantly upgraded. We have invested over £1,000,000 improving the learning environment over the past four years and have exciting plans for the future.

The school was graded Good overall by Ofsted in December 2013, with **Outstanding** judgements for Behaviour and Safety and, Leadership and Management. They visited us again in February 2018 under the short inspection framework for Good schools. In the final inspection report, the Lead Inspector noted and stated '*I am of the opinion that the school has demonstrated strong practice and marked improvement in certain areas. This may indicate that the school is improving towards being Outstanding*'. We were re-inspected in May 2019 under the full inspection framework and have now been designated an **Outstanding** school. The school continues to achieve excellent examination results. In 2019 our headline 'figure' at GCSE level for English and Maths was 87%. We are also very proud of our A-level results with nearly a third of all grades achieved at A* - A and 54% A* - B grades. We firmly believe that we can build on this success again this year.

Location

The School is situated close to the 'village' of Ickenham in a very pleasant residential area on the edge of the Green Belt. Although only thirty minutes or so from the centre of London by underground, access to the countryside is equally quick via the M40, M25 or M4. The School itself is well situated on a residential road, surrounded by many mature trees, which provides a pleasant atmosphere for both work and leisure.

Teaching and Learning

The current agenda and aspirations for the school are challenging and motivating as we are classed as Outstanding. We continue to develop our curriculum to meet the needs of the learners and to improve the skills of our staff to deliver this curriculum. To support this work the whole school community is committed to improving teaching strategies and understanding better how students learn. We know that effective learning cannot be left to chance; we have to refine and change our approaches if we want to make real and lasting improvements. We recognise the need to prepare students for the 21st century and make extensive use of new technologies (mobile technology, Web 2.0 tools) and are striving to develop more independent learners. Google Classroom is embedded in the school as a tool to support learning. Our key focus this year is exceptional teaching, which promotes engagement with the processes of explanation, practising and testing to enhance learning.

Developing and training Middle Leaders in the effective use of data and helping them to develop a range of different teaching strategies within their teams have been priorities. Each year we deliver significant staff development, including our annual Staff Conference, which has a focus on developing specific aspects of teaching and learning.

The Staff

Staff morale at Vyners is high, supported by a positive working environment and reviewed through staff surveys. The school puts a great deal of time and resources into training and developing its staff. Appraisal is focused on school improvement, professional development and well-being. Staff meetings encourage high levels of discussion and feedback and some staff are involved in one of our Teaching and Learning bursaries to develop and recommend major changes to whole school policy. Professional development is run every Tuesday after school, and a 'Teaching and Learning Community' meets on Wednesday mornings to develop knowledge and understanding of pedagogy and share good practice. Many staff give freely of their time to run numerous lunchtime and after school activities.

The Students

Central to everything which happens at Vyners are our students. Staff seek to ensure that every young person feels valued and listened to. Relationships between staff and students at Vyners are excellent; raised voices are seldom heard and students appreciate the fact that they are encouraged to express and discuss their views. The Student Council plays an important role in the development of policy at Vyners. Students take part in the development of the school vision and values and all applicants for teaching posts are interviewed by a student panel.

The Art Department

Curriculum

At Key Stage 3, students are taught three Art lessons a fortnight in mixed ability groups. At Key Stage 4, students can opt to take GCSE Art or GCSE Photography (both Edexcel). In the sixth form, students can opt for A level Art (Edexcel) and A level Photography (OCR).

Staffing

The Art department is staffed by specialist teachers, all of whom are Art & Design graduates. There are currently four teachers, supported by an Art Technician. Excellent relationships exist between the staff, with collaborative planning, teaching, and assessment a key element of all exam courses. The Art department works closely with the D&T department and there is some crossover of teaching between the departments on occasion. There are biannual trips to LA, annual trip to Oxford, workshops, life drawing classes and regular visits to London galleries.

Facilities

Art is taught within four dedicated Art rooms which are all equipped with an admin computer linked to a digital projector and screen for teacher use. There are six additional networked PCs for student use in each room, and laptops are available for booking. Department resources include Adobe Photoshop CS5 on all PCs, digital cameras and an A3 scanner and colour printer. There are two printing presses and a darkroom for Photography with a fixed frame studio set up with three adjustable pentagram lights. The Art displays around the school are inspirational and all visitors comment on both the quality and scale of work.

Public Examination Results

GCSE Art & Design %

	<u>9-7</u>	<u>9-4</u>	<u>Number Entered</u>
