Dear Parent/Carer

Subject Student Lockers

As you are aware, we have unfortunately not been able to provide students with access to lockers this academic year. We are now preparing to give all students the chance of having a locker again from September. Please note that this is conditional on government guidelines allowing us to take students out of their year group 'bubbles' next academic year.

If you paid for your son/daughter to have a locker last year then there is no need to do so again as we have kept a careful record of your payment. If you wish them to have access to a locker and have not paid then you now have an opportunity to do so. Please be aware that if the previous key was not returned the £5 payment made would have been kept to replace the key and we will require an additional payment of £5 for the new locker.

Payment for a locker can be made on sQuid in the usual way. Cash and cheques will not be accepted. Please log onto the system (www.squid.com) and select the 'trips/activities purse'. This payment will be clearly visible and must be specifically selected in order to make payment. Please follow the instructions on screen. An emailed receipt will automatically be sent to you by the system once payment is made.

If you are unsure if you made a payment or not or if the key was returned or not then please email me lderby@vynersschool.org.uk and I can give you this information.

I hope that this is all satisfactory, but if you have any queries please do not hesitate to contact me.

Yours sincerely

Ms L Derby
