Student Leadership

Our newly appointed Student Executive Team were galvanised into action straightaway to split into two groups, one led by Benjamin Surguy (head boy) and the other by Riya Bhogal, (head girl) to film student welcome videos for the year 7 and year 12 students starting in September, as part of the induction information. Their excellent effort and teamwork resulted in two great videos which we are sure will help students to settle in and feel welcome, especially as all events have been virtual this year. The videos are available to view on the school website under induction materials if you wish to see them. Alternatively, please [click here](#).

Year 12 Reports

End of year paper reports have been issued to students today. Any student who has not collected theirs can do so next week. They are also available to view digitally on the parent portal.

A Level Art and Photography Exhibition

We had a very enjoyable Thursday evening welcoming year 12 and 13 students and their families to see the A Level Art and Photography Exhibition in the school hall. Although it had to be by staggered timed entry, it was wonderful to be able to celebrate the hard work of all the students, especially over the past year.

Summer Music Concert

Following on from the Art exhibition in the hall, the weather was kind and the sun came out to enable our music concert to take place outside in the quad. It was great to see so many of our sixth form students, including some returning from university to take part, with some very accomplished A Level music solo performances. An entertaining evening was had by all.

Covid-19 lateral flow test kit collection and reporting

It is important that we continue to do all we can to protect our community by remaining vigilant and taking daily precautions. Students must collect their final pack of kits from the sixth form staff in order to keep testing twice weekly until the end of term and report the results to **NHS Track and Trace** and via the school Google Form [here](#).

National Careers Service - reminder last chance to sign up

Last week all Year 12 students received a live-streamed talk from the area leaders of the National Career Service (NCS) programme, to introduce their summer youth programme aimed at 16-17 year olds. This is the last opportunity for year 12 to take part with limited spaces available, so please have a look at the information attached [click here](#).

Attendance

As we approach the last few weeks of term we would like to take this opportunity to remind parents/ carers that they can either email the attendance address listed above or ring the absence

line when students are off sick. It is good practice for students to inform us when they are off school but we still need confirmation from a parent or carer.

Uniform expectations

Please would students click [here](#) to familiarise themselves with the standards expected of them. Students should also be aware that if they arrive at school wearing inappropriate attire, we will send them home to change and they will be registered as having an unauthorised absence.
