

Year 11 Careers Week

VYNERS CAREERS BULLETIN

We would like to thank everyone who was involved with the Vyners careers week, especially the Mayor of Hillingdon for the inspirational visit.

We had some employers running several events including the careers fair, 1 to 1 mock interviews, and giving students careers advice. HRUC, our local further education provider, also attended talking about Apprenticeships and T-Levels to allow students to explore a wide variety of pathways for their next steps.

Another thank you to Brunel University for speaking to our students about the university and how developing skills is a vital point in whichever pathway they choose.
