

Logging into EduLink

For parents/carers who have never previously logged in to EduLink or have forgotten their passwords, please follow the steps below.

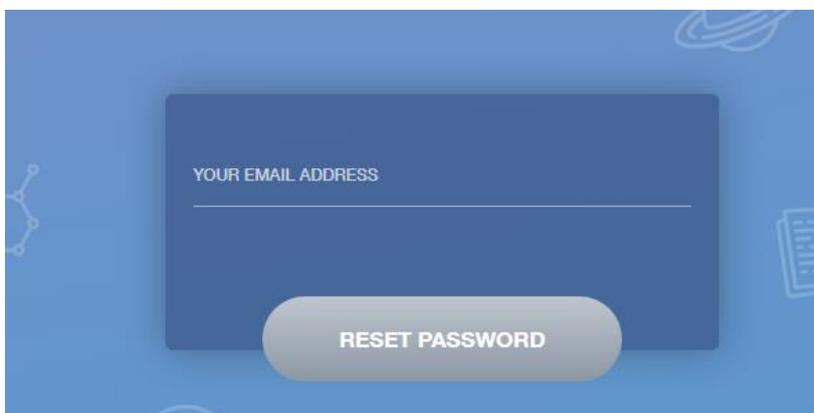

Please note that you must be a Priority 1 or Priority 2 contact for the student and use the email address registered with the school.

EduLink is available through a web browser or as a mobile app. The instructions below detail the process using a web browser but it is the same if you are using the app although you will need the School ID which is "Vyners".

1. On a web browser go to: <https://www.edulinkone.com/#!/login?code=vyners>
2. Click "Reset Login"

3. Type in the email address you have registered with the school.

4. You will then receive an email with details on how to login to EduLink.
5. Once logged in you will be presented with a screen similar to this on an internet browser:

or similar to this if you have downloaded the mobile app onto your device:

To access your child's Progress Report, select 'Progress Checks' and the report will be there for you to download to your device.

6. As well as being able to access your child's Progress Reports, EduLink offers many other functions including:

- viewing your child's timetable
- monitoring their behaviour record
- checking on your child's achievements
- updating your personal information
- monitoring your child's attendance

If you have any issues logging in, please email office@vynersschool.org.uk
